

ROYAL OAK PEDIATRICS

NEW OFFICE POLICY EFFECTIVE JANUARY 1, 2019:

Our office will no longer be accepting or seeing patients that do not vaccinate their children. We will vaccinate those who would like to begin the process. However, failure to comply with this policy will result in discharge after January 1, 2019. We can provide a medical release when a new physician has been found. There is overwhelming evidence of the efficacy and safety of vaccines for children. As per our providers' professional advice, along with the CDC (Center for Disease Control), AAP (American Academy of Pediatrics) and WHO (World Health Organization), we strongly discourage any parent from withholding vaccines that will undoubtedly help their children. If you have any questions or concerns regarding this policy, please feel free to ask a staff member.

Thank you for your understanding!

***By becoming a patient of our practice, I agree to abide by the above policy.**
